**Awarding of Grades:**
To pass this unit you must:
- Achieve an overall grade/mark greater than or equal to 5/50.
- Submit all assessments.

**Late Submission:**
Penalties for late submission of assessed work may apply as follows:
- Refer to Guidelines.

**Grade Awarded:**
This is a grade/mark unit.
The final examination will be held during the formal examination period. It is the student’s responsibility to check the date and time of the final examination.

**Official release of results for this unit will be published on Oasis on the Curtin web site.**

**GENERIC INFORMATION**

**Student Rights and Responsibilities**
It is the responsibility of every student to be aware of all relevant legislation and policies and procedures relating to their rights and responsibilities as a student. These include:
- the Student Charter
- the University’s Guiding Ethical Principles
- the University’s policy and statements on plagiarism and academic integrity
- copyright principles and responsibilities
- the University’s policies on appropriate use of software and computer facilities

Information on the University’s “Student Rights and Responsibilities” is available at web page:

http://students.curtin.edu.au/administration/responsibilities.cfm
Enrolment and HECS: it is your responsibility to ensure that your enrolment is correct - you can check your enrolment through the eStudent option on OASIS, www.oasis.curtin.edu.au, and you can also print off an Enrolment eAdvice.

Trimester 1: you can make requests to have corrections made to your enrolment up to 25\textsuperscript{th} January. The University will not change records after 25\textsuperscript{th} January. HECS liabilities (where they apply) and your results depend on your 25 January enrolment. Withdrawals made after that date will not reduce your HECS liability.

ENGINEERING/UNIT SPECIFIC INFORMATION

Referencing style:
Curtin Engineering advises students that Curtin University supports the "Chicago Referencing Style" for written work and oral presentations. For a guide to this style please see http://library.curtin.edu.au/referencing/index.html

However, students are permitted to use other recognised styles that appear in the Engineering literature. Note also that individual lecturers can stipulate that a particular style is used when it best matches the type of work in the assessment of the particular unit.

Unit Coordinator Details
Mr Jim Lyon
JimLyon@PMSolutions.com.au
